Please complete the Personal Information, Address, and Payment Information sections. Ensure that **General** is highlighted. Select only 'Class (1976)' and 'Endowment'. If you have a preference as to which of our two projects your donation will support please indicate it in the comments section, 'Charitable Initiatives of Cadets' or 'New Museum'.

Members of the Centennial Class of '76 Project Fund Committee will be making their donations in the coming weeks to ensure that our class fund has the necessary \$25K by 31 Dec 2016 to start collecting investment earnings on the amount on deposit with the Foundation. As well, members of the committee will be preparing the necessary documentation to bring the projects to fruition well before we enter the Old Brigade in 2021.

Note: Approval for both projects is still required from the Commandants of both CMCs. Should one or the other of the projects not go forward, the Centennial Class of '76 will be informed forthwith, and the donated funds will be used for the remaining project.
